

## LX–Networked Lighting Controls *Panel Wire Way Divider Accessory Kit*

### KEY FEATURES

- Provides physical code gauge steel separation between different voltages or sources that share the same relay panel
- Field installed
- Can be mounted at any location
- Fits between relays – no loss of relay spaces
- For use with LX Series Lighting Control Panels (Except 4 relay LX panels)

### OVERVIEW

Hubbell Building Automation’s LXWRDV Panel Wire Way Divider Accessory Kit provides the ability to place a physical barrier in the line voltage wire way to separate different voltages or sources. This accessory is field installed and ordered separately. Each kit includes two code gauge steel divider plates and mounting hardware. Dividers are easily installed between relays and therefore do not consume any relay spaces.
